ATTESTATION OF CONFORMITY
- RAW MATERIALS -
DETERGENTS

This attestation has been granted by ECOCERT Greenlife to the company:

BASF SE

49, avenue Georges Pompidou
92593 LEVALLOIS-PERRET CEDEX
FRANCE

whose non-organic raw materials (listed hereafter) have been assessed as compliant to the ECOCERT standard:

NATURAL DETERGENTS AND NATURAL DETERGENTS MADE WITH ORGANIC (Standard v6 – August 2022 - including all sub-versions, associated Certification process and Guide in force)

This attestation of conformity has been issued on the basis of the terms and conditions for the verification of raw materials according to the ECOCERT standard defining Natural Detergents and Natural Detergents made with Organic available on the ECOCERT website: http://detergents.ecocert.com and the conformity has been established according to the requirements related to the raw materials contained in this standard.

Issued in: L'Isle Jourdain,
the: 05/12/2023,

Emilie CHERHAL
ECOCERT Greenlife General Manager

Valid until: 31/12/2024

ATTESTATION OF CONFORMITY - DETERGENTS

List of the approved raw materials of: **BASF SE**

Nat: Natural or from natural origin
AM: Active matter
EO: Number of ethylene oxyde molecules per surfactant molecule
MW: molar weight of the ethoxylated surfactant(s)
CSPO: Raw material proceeding from certified sustainable palm/palm kernel oil
Without animal origin: Raw material compliant to the complementary assessment « without animal origin » in force
Unless an exception, the following references are published on the ECOCERT raw materials online database for approved raw materials available at the following link: http://ap.ecocert.com/ecoproduits

WARNING: The sole purpose of the present attestation is to allow the raw material(s) to be used in finished products to be certified as compliant to the standard specified in the first page. In no event this attestation should constitute proof of the actual certification of the conformity of the raw material(s) to this standard. In that context, the raw material(s) listed in this attestation must not be qualified and / or marketed as «organic» raw material(s) certified in accordance with the abovementioned standard.
The approval of the raw material (s) listed in the present attestation is personally addressed to the above-mentioned beneficiary. It is the beneficiary's liability to ensure that its own customers are aware of the requirements and prohibitions defined in the terms and conditions and governing any reference to and use of the approval of the raw material(s) and that they abide by it.
